

THE BLAIRMORE ENTERPRISE

VOL. XVIII, NO. 40.

THE BLAIRMORE ENTERPRISE.

THURSDAY, OCTOBER 6, 1927.

\$2.00 PER ANNUM

NEW STORE BEING

ERECTED AT BELLEVUE

The contract has been let for the erection of a large new store for Mr. C. Emmerson, of the Bellevue Hardware and Furniture Co., and during the week the work of building the cement foundation was begun.

The site is where the Farmer-Whiller building formerly stood, about opposite the United church. The new building will be single-storey with full basement, the main structure being of frame with stucco finish, and of about 35x70 feet dimensions.

HARVEST THANKSGIVING

AT ST. LUKE'S CHURCH

A large audience attended the Harvest Thanksgiving service at St. Luke's Anglican church on Sunday evening last. The church was decorated with a very liberal display of fruits, vegetables, flowers, etc. The service was in charge of the local incumbent, Rev. A. D. Currie, while Rev. Neville Blunt, former curate of the Pro-Cathedral, Calgary, now rector of the Anglican church at Fischer Creek, delivered a forceful and appropriate sermon. During the service, two solos were feelingly rendered by Mrs. Asbridge, of Coleman, entitled "Wasted Years" and "This is My Task."

Mr. C. P. Hill, founder of Hillcrest, was a visitor there last week end.

BOOKING EXCURSIONISTS TO EUROPEAN CONTINENT

Mr. George J. Drohey, travelling passenger agent for the Red Stag Dominion and other Atlantic lines, was in town from Edmonton the early part of the week, making final arrangements with his local agent, Mr. Mark Sartoris, regarding the forthcoming Christmas excursion to Europe from Halifax via the fast and trim triple-screw steamship Penland, which sails from Halifax on December 6th.

Quite a number of parties from this district purpose taking in this trip and availing themselves of the low rates offered.

For any information, consult Mr. Sartoris, who is now booking passengers.

NO BOBBING—NO SINGING

Denunciation of bobbed hair and face paint by the Rev. E. N. Blount, a revivalist, has wrecked the twenty-five-voice choir at meetings being held at St. Joe, Ark. The night following his attack on modern dress, only two elderly women, both with long hair and natural complexions, took seats in the choir.

Cigar-Band Style

Mary had a little dress,
A dainty bit, and airy,
It didn't show the dirt a bit,
But gee, how it showed Mary!

TOWN RECEIVES GIFT OF PEONIES FROM H.R.H. THE PRINCE OF WALES

The regular meeting of the town council on Monday night was attended by the mayor and full council.

The minutes of previous regular meeting were approved as read and a number of accounts were passed for payment.

Figures were submitted in connection with the installation of a heating system and the council decided to have specifications drawn up and to invite tenders for the installation of a Quaker furnace complete, with hot air registers, etc., to heat the town offices and firemen's quarters. The council already have an offer of a second-hand furnace of the Quaker type, that can be purchased for around \$150. Tenders will be considered at a special meeting of the council tonight.

The offer of \$75 for a second-hand adding machine was accepted by the council.

A communication was received from the manager of the Lethbridge branch of the Bank of Montreal, stating that at the request of His Royal Highness the Prince of Wales, a shipment of three peony plants were being made to the Town of Blairmore, commemorative of the Diamond Jubilee of Confederation coupled with His Royal Highness's visit to Canada this year. The peonies have already arrived, one of which has been planted in the courthouse grounds.

The application of S. Dorezo for a permit to build a garage was granted, upon condition that the outside walls of same be covered with fireproof material.

Among the accounts passed was that of Sartoris & Biell for \$400 for painting and filling along Iron Creek, and another from S. Ennis for \$510 for street grading and graveling.

FIRE PREVENTION WEEK

Fire Prevention Week has been set for October 9th to 15th, and is authorized by proclamation of the governor-general. The object of fire prevention week is to improve conditions by inculcating the necessity for care, by giving instructions as to how fires may be prevented and by adopting practical measures to reduce the enormous fire loss. Adults may institute a systematic clean-up and inspection; furnaces, stoves, stovepipes and chimneys may be overhauled, cleaned and made safe for the winter; rubbish and inflammable material should be destroyed or removed. Children can do a great deal to assist in this work, and to draw their parents' attention to the dangers and need for "Safety First" where fire is concerned. Much may be done in this one week, but none the less, carelessness should be practiced throughout the entire year.

COUNTRY PAPER THE BEST

Henry Ford recently wrote the small-town publishers of the United States while they were assembled in their annual convention: "I am glad of the opportunity to send a greeting to the publishers of our home community newspapers. Besides being the oldest and most distinctive type of publication, the small-town and country press is our only real newspaper. It comes to us as a friendly visitor from the neighborhood that we know and still know best. It has avoided the errors of modern journalism without sacrifice of influence. The Ford Motor Company has always found the country press an efficient means of reaching the public and we foresee further use of its facilities in the future."

The contract for the building of the new municipal curling and skating rink at Clarendon has been awarded to V. T. Scanlon, of Lethbridge, the contract price being \$12,300.

SCHOOL BOARD MEETING

The regular monthly meeting of the Blairmore Board of School Trustees was held on Friday night last in the secretary's office.

The minutes of previous meeting were approved and a few small accounts were passed for payment.

The report of the principal for the month showed a considerable falling off in the enrolment as compared with that of June the enrolment now being but slightly over the 400 mark. The chairman was authorized to see to repairs being effected to the septic tank connected with the west ward school.

Secretary was instructed to invite tenders from local dealers for supplies of examination cap and drawing paper.

Secretary was also instructed to forward bill to Frank School Board, covering fees for six pupils, resident of Frank, who are attending the Blairmore high school. The statutory fee is around \$3.00 per month per pupil.

Principal McPherson asked for assistance in Art II. high school, and acting on his suggestion, Miss Cox will be asked to take up this additional work at once, difference in salary to be arranged.

Secretary was instructed to order from the Osborne Co. four indestructible chair desks.

Upon motion, it was decided to pay back to the government the sum of \$2500, on the \$4000 loan obtained two years ago.

NEW REGULATIONS

REGARDING VOTERS

Under provisions of Section 204 of The Towns Act, application may be made for inclusion in the voters' list of the Town of Blairmore of the wife, husband, father and mother and every son and daughter of any person whose name appears upon the assessment roll, if he or she is resident with the said person within the town or assists him in a business in respect of which he is taxable; and if he or she is of the full age of twenty-one years; and if his or her name does not already appear on the roll, and if he or she duly make application.

All tenants, who have rented an assessed parcel for a period of twelve months immediately preceding the last day of August of this year, and who duly make application during the months of September and October, are entitled to be placed upon the list.

ANOTHER "FATAL" STEP

The marriage of Mr. George Henry Roper, of Coleman, to Miss Sophia Krish, of Frank, was solemnized at the United church manse at Blairmore on Friday last, Rev J. W. Smith officiating.

Mr. and Mrs. James S. Stevenson left by this morning's local for Calgary, where they will in future reside. Mr. Stevenson has not been in enjoyment of the best of health for some time past and will likely consult some specialist in the U.S. shortly.

Mr. C. J. Tompkins returned Tuesday morning from a visit to Eastern Canada and the States. During the trip Mr. Tompkins visited his old home at Margate Harbor, Nova Scotia. Enroute east he attended the annual convention of the Sun Life Assurance Company at Detroit, and while in that city had the pleasure of meeting with Mr. Robert E. Bartlett, a brother of the editor of this G.E.J., also his old friend, Mr. R. W. Thompson, formerly of Frank. Considerable of the joy of the trip was marred through the sudden death of Mr. W. I. Huston, with whom Mr. Tompkins had planned to motor west from Detroit following the big Elks' convention at Hamilton, Ontario.

WEATHER A YEAR AGO WORSE THAN LAST MONTH

The Cardston News of last week remarks: "It may not be much consolation to compare the weather this year with last, but considering the crop prospects now we have reason to be thankful for the weather we haven't had. For instance, last year there was a killing frost on the 12th of September with colder weather on the 14th and over weather on the 25th. This year no frost to do any damage to crops, except the very green grain, has so far, i.e. September 26th, been recorded. Moisture has been less this September than last, with more sunshine in between storms. Last year four inches of snow fell on September 24th, and we have so far escaped any snow this year. Not till September 27th last year was there much good harvest weather."

At the annual meeting of the Blairmore and District Horticultural, Industrial and Poultry Society, held on September 19th, the officers for the season were elected as follows: President, William Kerr; vice-president, S. Berry; secretary-treasurer John Curry; executive—A. Halliwell; Ed. Cole, T. Clayton, James Radford, R. Glover, S. Humble and S. Rowe.

LEAVES ESTATE TO LACOMBE HOME

By the will of Donald Fraser, a farmer in the Vulcan district, who died on July 5th last, the Lacombe Home is richer to the extent of \$45,580.97, this being the net amount of the value of the estate sworn to by Judge Wm. MacDonald, the executor named by the testator in his will. The estate consists principally of 3/4 sections of land in the Vulcan district which, with improvements, was valued for succession duty at over \$50,000. The testator left the estate to the Home "to be used and expended in the work of the said Lacombe Home, in the province of Alberta." I. H. Stack, Vulcan, is solicitor for the estate.

A Coleman editor dropped into church for the first time in many years. He listened for a while, then rushed to his office. "What are you fellows doing? It's about the news from the seat of war?"

"What news?" asked the foreman. "Why, all about the Egyptian army 'ching' drowned in the Red Sea. The minister up at the church knows all about it, and you have not a word in our latest. Rattle around, you fellows and get out an extra special."

This most perfect gift need not be expensive

Give a diamond! No other gift can say all you want it to say so perfectly, so beautifully, so everlasting. A small diamond, if genuine, creates more real and lasting pleasure than many a gift much more expensive.

Our diamonds are all specially selected for quality, and range widely in price. As an added indication of our professional integrity, look for the Green Guild emblem on our window.

The Conference Of Premiers

At the invitation of the Dominion Government there will assemble at Ottawa early in November a conference of representatives of the Federal Government and of all the Provincial Governments at which consultation will be given to the many questions affecting the interests and rights of the Dominion and its several provinces. This conference will be attended by the Dominion Prime Minister and some of his colleagues and by all nine Provincial Premiers who in each case will be accompanied by cabinet colleagues.

The object of this round table conference is, of course, to discuss problems common to all and endeavor to find satisfactory solutions, to adjust any differences now existing, to try and harmonize conflicting laws, eliminate overlapping in administration, and in general, to study the financial requirements of the several governmental units. In a word, it is co-operation for the good of all Canada. Its importance, therefore, does not call for any special emphasis.

This conference of Canadian Premiers is designed to accomplish for Canada something similar to what the recent Imperial Conference at London accomplished for the Empire as a whole. For example, the exact status of the Dominion and its several provinces in regard to certain subjects requires to be clarified. There is now conflict of authority in matters of Company law, incorporation and regulation, including licensing of companies, in insurance matters particularly there is more or less confusion.

Again, most of the provinces are anxious to exercise strict supervision and control over the sale of stocks and bonds of companies, and several Provincial Legislatures enacted what are termed, "blue sky" laws for the protection of the investing public, only to find that all companies had to do to escape Provincial jurisdiction was to become incorporated under Dominion law. The provinces desire Federal action to overcome this difficulty.

Another matter which is causing adverse comment throughout the country is the duplication of police forces, with consequent division of authority, sometimes leading to over-lapping and consequent friction; sometimes resulting in lack of co-operation. In any event, people feel there is an unnecessary waste of the taxpayers' money with Dominion, Provincial and Municipal police. The Premiers' Conference will give consideration to such problems as these.

Then there is the ever-recurring question of the Dominion subsidies paid to the provinces, and the complications resulting from the fact that some provinces have control of their natural resources while others have not. As an outcome of the Duncan Report, the Maritime Provinces have been given a new financial arrangement temporarily. To this the other provinces have not raised any objection, but if a new and permanent arrangement is to be made in the interests of these provinces, then all the provinces have a vital interest in the matter.

Furthermore, it is now fairly well recognized that the financial terms originally fixed at the time of Confederation, and as altered from time to time, work out to the advantage of the Dominion and unfairly to the provinces. That is to say, increased population brings largely increased revenues to the Dominion through Customs, Excise, and other forms of taxation, but to the provinces increased population means enormously increased expenditures for education, roads, hospitals, court houses, and institutions of various kinds, while the small increase in the subsidies received from Ottawa because of such larger population is a mere bagatelle compared with such expenditures. Re-adjustment of the financial terms, therefore, becomes a necessity from time to time.

No one thing is more apt to weaken Confederation than the existence of a feeling that it is not working out quite fairly to the provinces, or that, in regard to those matters which are subject to both Dominion and Provincial jurisdiction, Federal Departments are not displaying that spirit of helpful co-operation which is essential to complete efficiency in Provincial administration. On the other hand, real unity in effort, frank recognition and understanding of each other's problems, and sympathetic consideration and action will make the Dominion united and strong.

The people of Canada will entertain high hopes that the Ottawa Conference will be as successful in its field as the Imperial Conference was in the larger arena of Empire affairs.

Aviation in Canada

No country provides a better field for air communication than Canada. The distances between the cities are great and the climate is favorable for flying. Experience shows that suitable equipment, winter presents no insuperable obstacle to the continuous operation of air routes.

Approximately 80 per cent. of the automobiles sold in the United States last year were bought on the deferred payment plan.

Good Country For Aviation

No country provides a better field for air communication than Canada. The distances between the cities are not great and the climate is favorable for flying. Experience shows that suitable equipment, winter presents no insuperable obstacle to the continuous operation of air routes.

The youngest president of the United States was Theodore Roosevelt, who was inaugurated at the age of 42.

Penetrates Far North

University Graduate Prepares For Expedition Into Arctic Circle
Paddling 1,200 miles alone through the regions of Northwest Canada with only Indians, Hudson's Bay Company trappers, and herds of animals to purchase the necessary supplies, Osgood, 21-year-old graduate student in anthropology at the University of Chicago, spent the summer steeping himself in the lore of the North woods and learning to use the life of the Indians, preparing himself for a 14-month expedition next year into the Arctic Circle to report on the culture of the little-known Athabasca Indians. Osgood has just returned to the university to continue his studies in ethnology.

One Drop of "Putnam's" —Corns Stop Aching

Isn't it wonderful—Just a drop or two of Putnam's on any sore corn and out comes all the pain. After a few applications the corn shrivels up and drops off. No fear, no pain, no plucking from light shoes anymore. You can dance or walk in comfort! Be sure you use only Putnam's Corn Extractor. Satisfaction guaranteed. Sold by druggists everywhere. Refuse a substitute for Putnam's! It's the best.

Will Bar Italians

Fascist Oath Will Bar Aliens From U.S. Citizenship

Secretary of Labor Davis has reiterated his statement that acceptance of the Fascist oath, as explained to his office, should bar an alien from citizenship in the United States.

"If the Fascist oath requires double allegiance, in my opinion the man or woman who takes it will not make a good American citizen," the secretary declared.

The question of eligibility of a member of the Italian Fascist or American citizenship came up in Baltimore, where J. R. Thomas, naturalization examiner, is reported as suspending action on 23 Italianas, pending investigation of the so-called "blood" oath.

BABY'S OWN TABLETS ALWAYS IN THE HOME

Once a mother has used Baby's Own Tablets for her little ones she always keeps a supply on hand, for the first trial convinces her there is nothing to equal them in keeping children well. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, thus guarding against constipation and indigestion, colds and simple fevers, and making children easier to control. Dr. J. M. Saluste, Pellerin, St. James, Que., writes: "I have used Baby's Own Tablets for the past ten years and am never without them in the house. They have always given the greatest satisfaction and I can gladly recommend them to all mothers of little ones." The Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

America's Oldest Shoemaker

The oldest shoemaker still at the last in the United States is believed to be Daniel Slingerland, of Pompton Lakes, New Jersey, who has just celebrated his 84th birthday. Slingerland entered his father's shoe repair shop when he was 13 years old. He inherited the business, and it is calculated that he has handled 101,660 pairs of shoes.

Externally or Internally, It Is Good.—When applied externally by brisk rubbing, Dr. "Eucalypt" Eucalypt opens the pores and penetrates the tissue, touching the seat of the trouble and immediately affording relief. Administered internally, it will still the irritation in the throat which induces coughing and will relieve affections of the bronchial tubes and respiratory organs. Try it and be convinced.

Antarctic Expedition

Expedition To Extreme Southern Seas Returns To England
After two years of scientific research in the extreme southern seas, Captain Robert F. Scott's old Antarctic ship, Discovery, returned to Falmouth, England, having suffered no casualties in the struggles with the ice fields.

The expedition gathered valuable information, especially about the life habits of whale. Dr. Stanley Kemp, the leading scientist aboard, told newspapermen that on the disrupted marital habit of whales, they are not monogamous. On the contrary, he declared, they have, so to speak, "a wife in every port."

The heaviest wood is lignum-vitae, which runs from 73 to 82 pounds a cubic foot. Ebony is a close second, with from 69 to 83 pounds; boxwood is third, running from 69 to 72 pounds a cubic foot.

Isolate Germ Of Infantile Paralysis

Task Of Science Is Simplified In Attempt To Cope With Disease
A special despatch to the Morning World from Boston, Mass., New York, says:

"The germ of infantile paralysis has been definitely classified, thereby simplifying the task of science in its attempt to overcome the disease," Dr. W. L. Aycock, head of the Harvard-Infantile Paralysis Commission, said recently.

"The main problem now is to find suitable animal to yield an antitoxin."

"If only animal which takes the disease appears to be the monkey," said Dr. Aycock, "and the latter's mortality is so high that it is an unsatisfactory subject. When the proper animal for serum purposes is located, infantile paralysis will be controlled."

"Dr. Aycock pointed out that a somewhat similar problem confronted science when the diphtheria germ was located, and finally it was found diphtheria serum could be made from the blood of the horse."

"The infantile paralysis germ is too small to be detected even by the most powerful microscope," Dr. Aycock said. "Its presence was proved by evidence of growth. He denied that an infantile paralysis epidemic existed. He pointed out that in Massachusetts there has been one-fourth the number of cases reported this year as compared to 1916."

"Parents need not worry," he said. "Fatalities from automobile accidents are far greater than the number caused by this disease. Many children who have once had the disease will not have it again."

Girl On the Magazine Cover Matter Is Discussed At A Meeting Held In Toronto

"They tell us that women are tired of the 'pretty girl' covers but that the men are not," said Mrs. M. A. Aitken in discussing magazines at the Toronto Exhibition.

"They are more envious than tired," said a woman out in front. "Anyway, we are sure of a decent type of girls on the covers of our Canadian magazines," said the speaker, urging her hearers to patronize home industries in the way of literature.

Do not allow worms to sap the vitality of your children. If not at once, to worms may work irreparable harm to the constitution of the infant. The little sufferers cannot voice their ailment, but there are many signs by which mothers are made aware that a dose of Miller's Worm Powders is necessary. These powders act quickly and will expel worms from the system without any inconvenience to the child.

Umbrella Makers Benefit

Trade Is Boosted By Wet Weather In France

Amid all the complaining about poor business that has gone on in France this year, one class of men have been singularly prosperous. They are those who make and sell umbrellas. Never, they say, has business been so booming in what is still academically known as summertime. This year, from a climatic standpoint, France had almost no summer at all. May was a wash, but May is spring. After that it began to rain—and it kept raining all through June, July and August.

Being unusually in demand, the umbrellas went up in price. Even an unpretentious one cost five dollars or more.

While enriching themselves, the umbrella men kept their sense of humor—and gratitude. Their syndicate had printed and distributed 1,200 lithographs of General De Gaulle, the French weather man.

Losses From Smut
Smut diseases cause heavy losses wherever cereal crops are grown in Canada. Smut diseases of cereals are available only for the last few years, and these show the average annual loss to the Canadian farmer from this source as over \$12,500,000. Government departments, agricultural colleges, and technical agriculturists are all engaged in the effort to reduce this loss.

Minard's Liniment for Asthma.

Flight Will Be Hazardous

Commander Byrd's Trip To Antarctica More Dangerous Than Any Yet Attempted

Commander Richard Byrd, who recently flew the Atlantic ocean with passengers, will undertake the most hazardous flight that has ever been made by an airman when he will attempt to reach the South Pole by aeroplane. He has already crossed the North Pole by air, but the task he has now set out to accomplish entails even greater dangers and difficulties.

For instance, he may find himself obliged to winter in the Antarctic in the event of being caught in the ice. But it all goes well, and as now planned, the flight will have been accomplished and the intrepid voyagers on their way back to civilization early in 1925.

"It all goes well," these words are often on the lips of Byrd and his companions just now, for well they know; from all the data to hand, they usually all does not go well on that vast but little explored waste, which has been so vividly named "The Home of the Blizzard."

The first aeroplane to fly across this unknown huge vastness of the earth's surface will be equipped with a powerful wireless and with "life" signals that can be flown high in the air to give greater power, so that in the event of a forced landing or other untoward event the fliers will be able at once to communicate with the command left at the base camp at Ross Bay. They will have the means ready to effect Commander Byrd's rescue.

Diarrhoea Summer Complaint HE ALWAYS USES

Mr. T. E. McGregor, McLennan, Alta., writes: "Over forty years ago my mother used to give us Dr. Fowler's Extract of Wild Strawberry for diarrhea and summer complaint. All through the years since then when troubled with an uneasy looseness of the bowels I have been accustomed to take a few doses of the same old, reliable remedy and it always seems to have the desired effect, no matter what the cause."

Don't Accept a Substitute
This valuable preparation has been on the market for the past 50 years, put up only by The T. McIlwain Co., Limited, Toronto, Ont.

May Secure Place On Olympic Team

Toronto Coach Predicts Saskatoon Girl Would Win In High Jump

"That Ethel Catherwood, brilliant high jumper of Saskatoon, will secure a place on the Canadian Olympic team to compete at Amsterdam next year, is the opinion of Walter Knox, one of the best known track and field men in the Dominion. He is now coach of the schoolboys for the Ontario Athletic Commission. Walter claims that Ethel will be a sure winner in the high jump, and that with a little more practice, will be a factor in throwing the discus and javelin. He claims that Rosa Casuso of Toronto is the fastest female sprinter in the world and that Patsy Rosenfield is the best all-round girl athlete."

Holloway's Corn Remover takes the corn out by the roots. Try it and prove it.

Fresh water can be dipped from the Atlantic Ocean for a distance of 50 or more miles off the coast of Brazil. This is due to the enormous amount of water that pours from the mouth of the Amazon.

DOES NOT AFFECT THE HEART

Safe—Accept only "Bayer" package which contains proven directions. Heavy "Bayer" boxes of 25 tablets. Also bottles of 24 and 100—Druggists.

HEAVY LOSS OF LIFE AS TORNADO STRIKES ST. LOUIS

St. Louis, Mo.—Sixty-nine persons were known to have been killed, 575 injured and property damage conservatively estimated by the Globe-Democrat at \$75,000,000 was caused by a tornado which devastated an area of six square miles here.

The fatality list was expected to increase with the deaths of critically injured and the discovery of other bodies. The total number of injured was estimated at 1,000, as hundreds received treatment by private physicians and made no report to hospitals or police.

The Globe-Democrat estimated 5,000 or more buildings, residences and business houses were demolished or damaged.

Striking the beautiful west end of the city, the tornado came out of the southwestern skies. The twister reached a velocity of 90 miles an hour in a few seconds, and subsided as many minutes later to be followed shortly by brilliant sun shining through wind-torn clouds.

The west side, a section of houses of moderately wealthy St. Louisans, lay covered with a blanket of uprooted trees, torn timber and bricks, out of which crept injured men, women and children, black and grimy as though emerging from a coal mine.

It is estimated that 2,500 houses were either wrecked or damaged, while the streets and boulevards were clogged with fallen telephone poles and hundreds of the city's most beautiful trees. Trolley wires torn from their supports spat blue flames as they met the car tracks and showers of policemen kept terrified people from injury or death from the "live wires."

With telephone service demoralized, it took the city several minutes to learn what had happened. The news of the tornado was flashed over the city by radio and others in parts of the city unvisited by the storm were in terror as they awaited word from the schools in the tornado district.

South Africa Will Erect Mooring Mast

Wish To Contribute To Inter-Empire Airship Service

Durban, South Africa.—The Herzog Government has concluded an agreement with the Imperial Airways Limited, London, for the erection of a mooring mast at Tongaat, Natal, 30 miles from Durban. A huge aerodrome will be established at Tongaat.

In connection with the projected mooring mast, it was reported some months ago that it had been agreed that the airship service should be controlled by South Africa's railway administration and that approximately \$350,000 would be spent on the mast itself.

It is understood that the Government committed itself to construction of a mooring mast as the contribution of the South African Union to the inter-empire airship service.

Russia Planning To Buy Montana Horses

Increased Price In Western Canada Too High In Report

Quebec.—Canada's second consignment of horses to Soviet Russia is now on the high seas, the Russian steamer Dakaria having left Quebec with 1,100 animals for Leningrad.

Captain Smlirouff, in charge of the ship, said before leaving that Russia is looking towards the state of Montana to supply her horses, due to the action of Western Canadian farmers in raising the price of their animals to \$30 each. Montana and other states are willing to supply the horses at \$12 per head, he said. The Dakaria will be back here early in November for her third and last trip of the season.

Will Endorse Proposal

Toronto.—Toronto women and probably Ontario women generally will support British Columbia's proposal to make women eligible to the Senate of Canada when the proposal is discussed at the meeting of the National Council of Women at Stratford. The Toronto local has strongly endorsed a similar resolution.

Regulating Customs Report

Ottawa.—Three more weeks will be required to complete the report which the Royal Commission on customs will present to the Governor-in-Council. The three commissioners are hard at work on it, and it is expected to be voluminous.

W. N. U. 1701

Have Reached Agreement

Railways Likely To Allow Hon. Robert Forke To Control Foreign Immigration

Ottawa.—Negotiations recently initiated by Hon. Robert Forke, Minister of Immigration, looking to a curtailment of the influx of foreigners to Canada, if and when this is necessary, are achieving their object, it was stated here.

Recently in Montreal, Mr. Forke conferred with President Beatty of the Canadian Pacific Railway in regard to the existing agreement between the department and the railways respecting continental immigration. The Minister had a conference on the same subject with Sir Henry Thornton, president of the Canadian National.

"I think we are now in agreement," stated Mr. Forke after seeing the C.N.R. He indicated that while the arrangement with the railways is not being re-drafted, the new provision, or undertaking is, that the Minister with the absolute say as to when, in his judgment, the influx of foreigners shall be stopped or curtailed.

"Meanwhile," said Mr. Forke, "I think that what has occurred will serve as a warning sufficient to avoid the necessity of any arbitrary action."

Gypsy Children Ask For Separate School

Pupils In Czech-Slovakia Fear Those Of Other Tribes

Prague.—School children in the town of Homonna, Czech-Slovakia, have struck for separate schools because of their instinctive fear that the country juvenile nomads, beside whom they all have cannibalistic instincts.

Striking children have been strongly supported by their parents, who declare their children are afraid of being eaten. Seeing the force of their arguments, the authorities have decided to build a separate school for Gypsy children, which, it is believed, would be the only one of its kind in the world.

The present protest grew from alleged cannibalistic tales for which 36 gypsies are now awaiting trial. They are said to have confessed to murdering and devouring scores of persons, pleading the times were bad and they could not afford to buy ordinary meat, but that they did not see "anything wrong in eating human flesh."

May Not Attend Parley

Uncertain Whether Premier King Will Go To Continental Congress

Ottawa.—Considerable uncertainty exists as to the likelihood of Premier W. L. Mackenzie King accepting an invitation to attend the semi-centennial of the sitting of the Continental Congress in York, Pa.

While the prime minister is at present out of the city, it is intimated that on his return he will be busy engaged in preparations for the conference of provincial premiers to be held here early in November.

Mr. Mackenzie has yet been reached by Hon. William Phillips, United States Minister to Canada, as to whether he will attend the centennial.

Paralysis In Sweden

Stockholm.—The intense paralysis outbreak reported in various parts of Europe has reached Sweden, cases being reported from two provincial districts. At Marma, a military training field north of Stockholm, a young conscript died from the disease, and in the neighborhood of Oerebro, west of the capital, several children are ill, but none fatally thus far.

New Rule On Alfalfa Seed

Ottawa.—Regulations under the Seeds Act have been amended to prohibit the importation into Canada of alfalfa seed or any mixture of seed containing ten per cent. or more alfalfa seed, unless ten per cent. of the seed in each container is colored red.

This action has been taken to discourage the importation of Southern grown alfalfa.

Remains A Progressive

Toronto.—In the current census of the Farmers' Sun, Hon. E. C. Drury, former U.P.O. Premier of Ontario, publishes a letter two columns long in which he declares that he has not gone over to the Liberal cause but is still loyal to a Progressive although in disagreement with present U.P.O. policies.

Crosses Sea In Small Boat

Madrid.—Advice from Las Palmas in the Canary Islands report the arrival there from Panchal of a small boat manned by Hugo Ioshna, who said he had come from the United States. His only companions were a dog and a cat. He has a wife and several children in Las Palmas.

Plan Subways For Montreal

Huge Project Would Provide Subway Lines and Abolish Level Crossings

Montreal.—Initial steps have been taken, it was officially announced, by a group of local interests connected with business houses in New York to enter into a \$200,000,000 project with the city, province, Federal Government and railway companies to abolish level crossings in Montreal, construct a grand central terminal station and construct underground tram facilities.

The work in view comprises, it was stated, the abolition of all level crossings in and entering the city either by elevating them or putting them underground. The proposition, which is stated to be being made to civic, provincial and Federal Governments, would provide for collaboration of all these bodies in the financial arrangements.

RURAL ROADS ARE PLANNED TO AVOID ACCIDENTS

Niagara Falls, Ont.—Delegates who attended the annual convention of the Canadian Good Roads Association meeting here apparently become imbued with the "safety first" idea, for continually throughout the discussions the speakers veered from their original topic to safety first suggestions.

H. R. Mackenzie, chief field engineer for Saskatchewan, stated that his province was planning its rural roads with the aim of making them accident proof. Mr. Mackenzie stated that the roads were being constructed 24 feet wide and with ditches at each end, and that a gradual descent to a level could run into them at a fair speed and still fail to turn turtle or fall on its side.

The annual meeting of the association, held apart from the convention, did not pass without its recognition of the accident situation, several resolutions being adopted supporting the "safety first" campaign.

In touching upon the question of federal aid, the province to a resolution pointed out that the Dominion Government had collected upwards of \$175,000,000 in the past ten years which could be traced directly or indirectly to highways. In view of this, the association instructed its executive committee to make every reasonable effort to induce the Federal Government to grant financial assistance to the building of good roads.

The election of officers resulted as follows:

President: Hon. P. C. Black, minister of Highways, Nova Scotia; first vice-president, Hon. O. L. McPherson, minister of Highways, Alberta; second vice-president, Hon. W. H. Surinland, minister of public works, British Columbia; secretary-treasurer, George A. McNamee, Montreal.

C.P.R. Earnings

Montreal.—The gross earnings of the Canadian Pacific Railway for August were \$17,258,634, an increase of \$258,400 over the gross earnings during the same month in 1926. The working expenses for the corresponding period, however, showed an increase of \$1,071,687, representing a decrease of \$448,227 in the net profits, compared with August 1926. Net profits for August 1927 were \$3,862,148-11.

Doctor Made Indian Chief

Another Englishman has left Canada bearing with him the highest title of one of the famous Indian tribes of the Western plains. The title of "Chief Bear Head" was conferred upon Dr. Edward Brown, of the Poultry World, London, by Chief Running Antelope of the Sarcee Tribe.

The ceremony took place on the Burns Ranch near Calgary, recently, during the Canadian Pacific western tour of the World's Poultry Congress. Delegates of which party Dr. Brown was an outstanding member.

The photograph shows Dr. Brown, standing as a member of the Sarcee Tribe.

Young Orator

Frederick Horton of Trailbrook, Ont., Canada's champion orator, who has just reached home after his prize trip, won in the Canadian oratorical contest. He visited Scotland, England, Belgium, Switzerland and France. He will compete on October 14 in the international oratory contest at Washington.

Aviators Safe After Long Desert Flight

German Plane Delayed By Detour Ordered By Turks

Bagdad, Iraq.—Lieut. Otto Koonnecke, pilot of the Germans, whose arrival here cleared up the mystery of his whereabouts since his take-off from Angora, Turkey, said that his delay in reaching this place had been due chiefly to the instructions given him by the Turkish authorities on a big Angora as the route to be followed.

The German aviator, who is en route to the U.S. by way of the Orient, said that the instructions involved a wide detour, the Turkish idea being apparently to prevent foreign aviators from flying over certain areas of Turkish territory.

The aviator said that he had halted at Aleppo and then had deferred his departure for Bagdad in order to avoid flying in the hottest part of the day.

Would Make Britain Dry

Evangeline Booth Convinced That Prohibition Is Possible in England

London.—Commander Evangeline Booth of the Salvation Army, to whom a welcoming reception was given in a big London hall, is convinced that prohibition is a big possibility for England.

"If I were over here and had the help of Lady Astor, we could bring prohibition into England in no time," she is quoted as saying in an interview.

The Commander, who is making her first visit here since 1926, talked strongly on the benefits which she said prohibition had brought to the United States. "It would say to every country, if you want to be rich introduce prohibition and banish drunkenness and inefficiency."

Would Restrict Sunday Trade

London.—Several large organizations in the retail trade are promoting a bill to be submitted to Parliament calling for the restriction of Sunday shopping which, in the past few years, has grown enormously, particularly in London.

Completes Long Trip

British Aviator Makes Record For Long Distance Solo Flight

Capetown, South Africa.—Lieut. H. H. Bentley, instructor for the South African air force, who left Hendon, England, on September 1, in a light moth airplane for Capetown, completed his long solo flight of more than 7,000 miles.

Lieut. Bentley, who made the trip in long hops to prove the feasibility of London-Cape town air communication, and to demonstrate the capabilities of a light plane on long distance flights, created what was said here to be world's record for a long distance solo flight.

The aviator, who had hoped to make the trip in 19 days, found 23 necessary for the long trip, some of it over hazardous and deserted country.

Eugene Chen Married

Reported Marriage in Moscow Of Former Nationalist Foreign Minister Of China

London.—The God of Love seems once more to have won out over the God of War in the Chinese Nationalist movement.

The Riga correspondent of the Daily Mail quotes an official Soviet despatch to the effect that Eugene Chen, former Nationalist Foreign Minister, and Miss Sun Yit Sen, widow of the father of the Nationalist movement, were married in Moscow.

The newspaper reports the couple intend to spend their honeymoon in China by starting a new revolution, and adds that the Third Communist International is financing the activities of the bridal couple.

Progress Is Satisfactory

Minister Of Railways Pleased With Work On Bay Line

Calgary.—Hon. C. A. Dunning, Minister of Railways, expressed his satisfaction with the progress of the work on the Hudson Bay Railway in the course of an interview here. The minister stated it was now in operation as far as mile 350 and the bridge over the Limestone River at that point had been completed.

"I expect within the next few weeks the line will be open to the contract for the last section of the railway to Churchill," he said.

In reply to a question as to the prospects of Fort Churchill and the future of the shipping season, Mr. Dunning said they must await Mr. Palmer's final report.

Adopt Novel Method

May Use Gramophone To Teach English In Quebec Schools

Quebec, Que.—Utilization of the gramophone as a new practical method of teaching the English language in schools of the province of Quebec is the recommendation that will be placed before the Catholic committee of the council of public instruction by a sub-committee appointed to consider the question.

This new method has been approved recently by several school commissions and after a demonstration given before the members of the sub-committee it was adopted unanimously.

WANT CANADIAN CO-OPERATION ON WATERWAY PLAN

Washington.—Co-operation of Premier Mackenzie King's Government of Canada with the United States for protection of the Great Lakes-St. Lawrence waterway was predicted by W. L. Harding, president of the Great Lakes-St. Lawrence Tidewater Association, after a call upon President Coolidge. He said he had "heard rumors" that the premier intended to back a commission to seek an agreement with the United States and he believed these to be true.

Harding also declared that he saw no prospect of a loss greater than 5,000,000 bushels of grain to United States Great Lakes shippers as a result of the fixing of an eleven cent rate by the Canadian Railways on grain from Winnipeg to Quebec.

Harding, a former governor of Iowa, said that he saw some lagging in the sentiment for Frank O. Lowden, for president, in his state and that in some sections, particularly the eastern part, Secretary Hoover seemed to be gaining ground for the Republican nomination.

Harding believed that the veto of the McNary-Haugen farm relief bill would play as important a part in lower presidential politics as has been generally predicted.

COMMUNISM IS LOSING GROUND IN GREAT BRITAIN

London.—Some interesting figures have been furnished by the central executive committee of the British Communist Party in connection with the annual conference which will be held shortly.

It is stated in the committee's report that a membership of more than 10,000 was registered last year when the country was affected by the strike of the coal miners and the general strike in connection therewith, but this year the membership 7,200.

The decrease is almost exclusively confined to the mining districts. The party's largest strength continues to be manifest in South Wales, where there are over 2,000 members, the report says. Scotland furnishes 1,500 members and London 1,300.

The Communist Party publications, the report states, have dropped off 30 per cent. in the past six months.

Australia's Tariff On Automobiles Raised

Canadian Manufacturers Will Suffer Under New Ruling

Sydney, Australia.—The new Australian tariff, effective immediately, will have its effect on the Canadian automobile export trade with Australia, which during the past two years has averaged \$7,500,000 in value.

Canada comes under the intermediate tariff in Australia. Hitherto the duty charged by Australia on assembled motor chassis from Canada has been 1½ per cent.; this under the amended scheme will be increased to 15½ per cent. The former rate of 12½ per cent. on assembled chassis is raised to 20 per cent.

The new tariff in the case of the United States, will be increased from 12½ to 17½ per cent. in the case of unassembled chassis, and from 17½ to 25 per cent. in the case of American made assembled chassis.

English made assembled chassis will be admitted to Australia free of duty, while an import of 5 per cent. is put on assembled English chassis.

The minister of customs said he hoped the new tariff might cause a good deal of the trade in motor cars to shift from United States to Britain and cause a stimulus to inter-empire economic development.

Praises Canada's Judicial System

Method Far Superior To U.S. Says

Toronto.—Canada, in its administration of justice, is away ahead of the United States, stated William Lewis Butcher, chairman of the executive committee of the Big Brotherhood and Sisterhood Federation and also a member of the New York State Crime Commission, in an interview here.

"The country spends too much money on jails, penal institutions, and the like," said Mr. Butcher. "Further expenditures will be necessary for some time because proper emphasis has not been laid on the preventative side."

Names Are Perpetuated

Nungesser and Coll Linked Forever In Canadian Place Names

Ottawa.—Nungesser and Coll, who fought to fly the Atlantic and failed, will live forever in the place names of Canada. The topographical survey department of the interior has issued a new map of the new gold-bearing area in the vicinity of Woman, Narrows and Birch Lakes in northwestern Ontario. On the map, the name Nungesser has been given to a lake and to the river flowing from it into Little Vermilion. The name of Coll, too, has been given to a lake.

As Nungesser and Coll were linked in death, so Lakes Nungesser and Coll are linked by the highway of river and stream.

Expenditure For Indian Schools

Ottawa.—The amount expended by the Government of Canada on Indian education in the fiscal year 1926 was \$1,918,000. In addition to this certain bands of Indians, whose funds were sufficient to meet the expenditure, contributed \$67,000 for school purposes.

Russia-Polish Pact

Warsaw, Poland.—An agreement on certain points of a Pact of non-aggression between Russia and Poland had been reached in recent conversations between Stanislas Pache, Polish minister to Russia, and George Tehtcheiter, Russian foreign minister, the ministry of foreign affairs announced today.

Miss Eleanor Farmer left by Tuesday night's train for Edmonton, where she will attend the University of Alberta for fourth-year studies.

Something for one and all, short and tall, big and small, at the Moose Hall. Catholic Women's Bazaar, November 12th.

Teacher—Use "statue" in a sentence.

W. J. BARTLETT, PUBLISHER

Blairmore, Alta., Thur., Oct. 6, 1927

THE SPIRIT OF THE PRESS

Canada's Greatness.

(The editorial which appeared in "The Canadian," Wolfville, Nova Scotia, on June 30, 1927, and which won first prize in the Confederation Editorial Contest for weekly papers.)

At the threshold of Canada's "day of jubilee" her people are able to look back with satisfaction over a course of material progress in practically every direction. The mile posts of our sixty years of national life carry many fine stories of progress. In many lines of endeavor Canada excels other countries, and she has gained prominence in fields of commerce that may well surprise. Not only do these facts make it interesting to hazard a guess as to the Dominion's future, but they also put a confidence in the mind of the guesser, for they indicate that a sturdy prosperity now pulses the country forward because of the possession not merely of healthy agricultural life, but other varied things upon which to build her prosperity.

Upon our immense resources of forest and fertile field, of mine and water power, we look with pride; but our greatest asset we cannot afford to fail to take into account. It is not something drawn from the earth or the sea, but has sprung rather from an inherent consciousness on the part of the people of the value of "the things that are unseen." Canada's greatest resource is character. Endowed with integrity, courage, open mind and friendliness, any people will make a notable place for themselves; with the unmeasurable wealth of the Dominion added, our land is destined to become one of earth's chosen places.

It has taken courage to co-ordinate this great Dominion and to provide the foundations which have been so well laid. We owe much to those pioneers of other days. Today calls for fresh courage and tomorrow will make its new demands. Every day the structure of nationhood rises visibly higher. Every man who looks beyond his own fence and works on today despite the doubts and discouragements that beset all construction, makes himself one of Canada's nation-builders.

PROTECTING INDUSTRY

Newfoundland has passed an amendment to her Crown Land Law, prohibiting the export of trees, logs or timber unless and until the same has been manufactured into paper, paper pulp, sawn lumber or other saleable products of timber, under a penalty of not less than twenty dollars for every tree cut. This is one of the things Newfoundland has right to do, having self-government of her own and being in no way amenable to the trend of public opinion in the Dominion of Canada or anywhere else. Whether this action by the Newfoundland government has been influenced by the Corner Brook paper mills and similar enterprises that have recently become such prominent industries in the ancient colony, does not seem as yet to be publicly explained, but the prosperity of the district at Corner Brook seems solid and progressive. — *Truro Weekly News.*

General and sincere regret is expressed at the proposed departure of Dr. G. Blair Rose from Hillcrest. It is understood that Dr. Rose has tendered his resignation to take effect about December 1st. Dr. Rose has practised at Hillcrest for upwards of five years.

Mrs. Jarrett Evans, who had been visiting with relatives and friends at Bellevue, Blaimore and Coleman, returned to Nakusp, B.C., on Sunday morning.

Mrs. R. Stevens, accompanied by Miss Ruby, expects to leave today (Monday) for Seattle and Portland, where they plan to spend the coming year.—Calgary Albertan.

Mr. T. Pondelick, junior, is meeting with considerable success in this district as agent for the Dominion of Canada Guarantee & Accident Insurance Company.

Mr. Romeo Farrell, of Los Angeles, California, was a visitor last week end with Dr. and Mrs. Olivier, en route to St. Albert, where he will visit his mother.

BLAIRMORE UNITED CHURCH

Rev. J. W. Smith, Pastor

Serve the Church that the Church may serve you.

Services Sunday, October 9th, 1927, the Pastor in charge.

MORNING SCHOOL at 11 o'clock. The subject for the Young Women's and Young Men's Bible Classes will be "Jesus as a Boy of Twelve."

AFTERNOON SCHOOL at 2. The boys and girls are looking forward to the little story talk that is given by Mr. Smith at the close of the lesson. Be sure you don't miss this one.

EVENING WORSHIP at 7.30. At the close of the regular service, the Sacrament of the Lord's Supper will be celebrated. All Christian people are invited to join us in this sacred service. The whole service of worship will be built around the thought of the communion of the soul with God. The question in the mind of many earnest people, in these days, is can I gain and keep the touch of the living God upon my soul. In his sermon on Sunday night, Mr. Smith will seek to bring help to such hungry souls.

THINK THIS OVER:

Our Christ

I know not how that Bethlehem Babe
Could in the God-head be;
I only know the Manger Child
Hath brought God's life to me.

I know not how that Calvary's Cross
A world from sin could free;
I only know its matchless love
Hath brought God's life to me.

I know not how that Joseph's Tomb
Could solve death's mystery;
I only know a living Christ
Our immortality.

—Harry Webb Farrington.

A kid at the local school the other day remarked that Bartlett is so tall he couldn't reach his head to stand on it.

Should old acquaintance be forgot,
And never brought to mind?
Should I not take in the Catholic
Women's League Bazaar
Whether the day be bad or fine?
(November 15th, Moose Hall)

Two lives were lost as a result of an explosion which occurred in No. 6 prospect entry of the Corbin mine on Saturday last. A miner was killed outright, while Thomas Ratcliffe, a fire boss, died of injuries two days after the explosion.

Three men were arrested at Vulcan on Monday and are held, suspected of being connected with the Hillhurst bank holdup at Calgary last week. The men were travelling in a large Paige car and were heavily armed, and answered descriptions given of a trio wanted in Saskatchewan, who had departed from that province in a stolen Paige car. They have been taken to Calgary, where it is hoped their identification will be established.

An old Ford that is travelling from Halifax, Nova Scotia, to the Pacific coast, and hopes to cover the entire trip without burning an ounce of gas, passed through Blaimore on Wednesday. The car is entirely dependent upon being towed from point to point by kind friends. The two men sell postcard pictures of their car to help pay their way. Arriving here the car carried two suit cases and a mixture of about two hundred pounds of soil from the various provinces.

The Modern Druggist

So your boy is studying to be a druggist?

Yes; he is attending a special course of lectures on soap, cigars, perfumery, soft drinks, city directories, telephone books, candy, fancy postcards and stationery.

Tongue in His Cheek

Flancee—Robert, mother asked me to object to the use of the word "obey" in the ceremony.

Robert—And what did you tell her?
Flancee—I said I'd let it stand. I told her you could take a joke as well as any man.—Judge.

Making the Canadian Dollar Go Farther than Ever Before

IN the purchase of the common commodities of life, the Canadian dollar has decreased in value during the past decade.

But, in the purchase of an automobile, the dollar is now worth one hundred to two hundred per cent more than it was seven to ten years ago—is worth more, in fact, than ever before in history.

While constantly raising the quality standard of its products, General Motors of Canada has

increased the purchasing power of the Canadian car-buyer's dollar.

... by the economies of volume purchasing and production,

... by the close co-ordination of resources and facilities,

... by improved labor- and time-saving methods of manufacture,

... by sharing with Canada the savings effected by increased production.

In quality and in value, the Canadian dollar now goes farther than ever before in the purchase of a General Motors car.

WORLD HAPPENINGS BRIEFLY TOLD

A statement issued by the Commonwealth statisticians shows the population of Australia to be more than 6,000,000, as compared with 2,500,000 in 1911.

The next regular conference of the International Wheat Pool will be held in Regina on June 6 to 8, 1923. It was decided by the committee of arrangements in Minneapolis.

Permission to give religious instruction to students of the provincial normal school outside of lecture hours is being sought from the Department of Education of Alberta by various religious bodies in Calgary.

Monday, November 7, will be observed as Armistice Day and Thanksgiving Day throughout Canada. A proclamation to this effect appears in the current issue of the Canada Gazette.

Col. J. G. Hattray, Winnipeg, Manitoba, has been appointed head of the Soldiers' Settlement Board, filling the vacancy caused by the resignation of Major J. Barnett.

Towed several hundred feet under water clinging to an anchor, and then struck on the head by swinging gear as he was finally being pulled aboard his ship, E. K. Kapper, second mate of the halibut steamer New England, still survived.

For the first time in the history of the Upper Great Lakes, corn from the Argentine is passing through Owen Sound's grain elevator for distribution to Western Ontario. Forty thousand bushels have arrived from Montreal. The low price of the South American grain in comparison with United States produce was the cause of its large sale.

Captain James Kirkwood, a Kingston mariner, has the honor of carrying the first cargo into Port Churchill, the new Hudson's Bay Railway terminal, it was learned from a letter received by relatives at Kingston, Ont. The St. Euphry was the steamship which Capt. Kirkwood piloted from Port Nelson.

Back luck is reasonably sure to come to those who trust only in luck.

W. N. U. 1701

Conditions Have Not Changed

Airmen Were Warned 66 Years Ago To Be Wary Of Ocean Flight

The difficulties in the path of a westward flight from Europe to the United States were emphasized 66 years ago by Professor Joseph Henry, famous physicist and first secretary of the Smithsonian Institute, in a letter to Thaddeus S. C. Lowe, inventor and aeronautical engineer.

A copy of that letter has just been unearthed in the archives of the Smithsonian Institute. What Professor Henry said in 1857 relative to trans-Atlantic wind conditions is regarded by meteorologists and aviation experts here as having a pointed bearing on some of the conditions faced in recent attempts to fly between Europe and America.

Lowe at that time was occupied with a scheme to fly from America to Europe in a balloon—the largest which had ever been built. Not only did he spend much money on the venture but he had the support of eminent Philadelphians including George W. Childs, John C. Creson, J. B. Lippincott, William Hamilton and others who contributed several thousand dollars to further Lowe's efforts to demonstrate the feasibility of trans-Atlantic air navigation.

In December, 1860, sixteen eminent Philadelphians, including those named, petitioned the Smithsonian regents to furnish him aid and advice. The regents decided they could not make an appropriation from the Smithsonian fund for the "Love venture" but directed Professor Henry to give Lowe any advice he might "deem fit as to his experiments."

Professor Henry told Lowe that a balloon of sufficient size, properly constructed so as to maintain high elevation for sufficient length of time, would be wafted across the Atlantic, because between 30 and 60 degrees north latitude, the prevailing wind currents were from the United States toward Europe, but he advised Lowe not to try the experiment over the ocean first.

Professor Henry said that the prevalent wind was westerly all the way around the world, and that packet ships in the sixties from New York to Great Britain "occupy nearly double the time in returning that they do in going."

Distribution Of Peonies

The Mount Royal Peony Fields Distribution Committee of Montreal, officially announces that a movement is on foot to send blooms of Peony roses every July to the other corners of the world. Two years ago those peonies established a record when 16,000 blooms were sent to Wembley and won the Royal Horticultural Society's Bantorian medal.

A Modish Daytime Frock. Truly smart, is the one-piece frock shown here, having paired side sections, a convertible collar, patch pockets of unusual design and a long skirt. Size 38, 40, 42 and 44 inches bust. Size 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84, 86, 88, 90, 92, 94, 96, 98, 100, 102, 104, 106, 108, 110, 112, 114, 116, 118, 120, 122, 124, 126, 128, 130, 132, 134, 136, 138, 140, 142, 144, 146, 148, 150, 152, 154, 156, 158, 160, 162, 164, 166, 168, 170, 172, 174, 176, 178, 180, 182, 184, 186, 188, 190, 192, 194, 196, 198, 200, 202, 204, 206, 208, 210, 212, 214, 216, 218, 220, 222, 224, 226, 228, 230, 232, 234, 236, 238, 240, 242, 244, 246, 248, 250, 252, 254, 256, 258, 260, 262, 264, 266, 268, 270, 272, 274, 276, 278, 280, 282, 284, 286, 288, 290, 292, 294, 296, 298, 300, 302, 304, 306, 308, 310, 312, 314, 316, 318, 320, 322, 324, 326, 328, 330, 332, 334, 336, 338, 340, 342, 344, 346, 348, 350, 352, 354, 356, 358, 360, 362, 364, 366, 368, 370, 372, 374, 376, 378, 380, 382, 384, 386, 388, 390, 392, 394, 396, 398, 400, 402, 404, 406, 408, 410, 412, 414, 416, 418, 420, 422, 424, 426, 428, 430, 432, 434, 436, 438, 440, 442, 444, 446, 448, 450, 452, 454, 456, 458, 460, 462, 464, 466, 468, 470, 472, 474, 476, 478, 480, 482, 484, 486, 488, 490, 492, 494, 496, 498, 500, 502, 504, 506, 508, 510, 512, 514, 516, 518, 520, 522, 524, 526, 528, 530, 532, 534, 536, 538, 540, 542, 544, 546, 548, 550, 552, 554, 556, 558, 560, 562, 564, 566, 568, 570, 572, 574, 576, 578, 580, 582, 584, 586, 588, 590, 592, 594, 596, 598, 600, 602, 604, 606, 608, 610, 612, 614, 616, 618, 620, 622, 624, 626, 628, 630, 632, 634, 636, 638, 640, 642, 644, 646, 648, 650, 652, 654, 656, 658, 660, 662, 664, 666, 668, 670, 672, 674, 676, 678, 680, 682, 684, 686, 688, 690, 692, 694, 696, 698, 700, 702, 704, 706, 708, 710, 712, 714, 716, 718, 720, 722, 724, 726, 728, 730, 732, 734, 736, 738, 740, 742, 744, 746, 748, 750, 752, 754, 756, 758, 760, 762, 764, 766, 768, 770, 772, 774, 776, 778, 780, 782, 784, 786, 788, 790, 792, 794, 796, 798, 800, 802, 804, 806, 808, 810, 812, 814, 816, 818, 820, 822, 824, 826, 828, 830, 832, 834, 836, 838, 840, 842, 844, 846, 848, 850, 852, 854, 856, 858, 860, 862, 864, 866, 868, 870, 872, 874, 876, 878, 880, 882, 884, 886, 888, 890, 892, 894, 896, 898, 900, 902, 904, 906, 908, 910, 912, 914, 916, 918, 920, 922, 924, 926, 928, 930, 932, 934, 936, 938, 940, 942, 944, 946, 948, 950, 952, 954, 956, 958, 960, 962, 964, 966, 968, 970, 972, 974, 976, 978, 980, 982, 984, 986, 988, 990, 992, 994, 996, 998, 1000, 1002, 1004, 1006, 1008, 1010, 1012, 1014, 1016, 1018, 1020, 1022, 1024, 1026, 1028, 1030, 1032, 1034, 1036, 1038, 1040, 1042, 1044, 1046, 1048, 1050, 1052, 1054, 1056, 1058, 1060, 1062, 1064, 1066, 1068, 1070, 1072, 1074, 1076, 1078, 1080, 1082, 1084, 1086, 1088, 1090, 1092, 1094, 1096, 1098, 1100, 1102, 1104, 1106, 1108, 1110, 1112, 1114, 1116, 1118, 1120, 1122, 1124, 1126, 1128, 1130, 1132, 1134, 1136, 1138, 1140, 1142, 1144, 1146, 1148, 1150, 1152, 1154, 1156, 1158, 1160, 1162, 1164, 1166, 1168, 1170, 1172, 1174, 1176, 1178, 1180, 1182, 1184, 1186, 1188, 1190, 1192, 1194, 1196, 1198, 1200, 1202, 1204, 1206, 1208, 1210, 1212, 1214, 1216, 1218, 1220, 1222, 1224, 1226, 1228, 1230, 1232, 1234, 1236, 1238, 1240, 1242, 1244, 1246, 1248, 1250, 1252, 1254, 1256, 1258, 1260, 1262, 1264, 1266, 1268, 1270, 1272, 1274, 1276, 1278, 1280, 1282, 1284, 1286, 1288, 1290, 1292, 1294, 1296, 1298, 1300, 1302, 1304, 1306, 1308, 1310, 1312, 1314, 1316, 1318, 1320, 1322, 1324, 1326, 1328, 1330, 1332, 1334, 1336, 1338, 1340, 1342, 1344, 1346, 1348, 1350, 1352, 1354, 1356, 1358, 1360, 1362, 1364, 1366, 1368, 1370, 1372, 1374, 1376, 1378, 1380, 1382, 1384, 1386, 1388, 1390, 1392, 1394, 1396, 1398, 1400, 1402, 1404, 1406, 1408, 1410, 1412, 1414, 1416, 1418, 1420, 1422, 1424, 1426, 1428, 1430, 1432, 1434, 1436, 1438, 1440, 1442, 1444, 1446, 1448, 1450, 1452, 1454, 1456, 1458, 1460, 1462, 1464, 1466, 1468, 1470, 1472, 1474, 1476, 1478, 1480, 1482, 1484, 1486, 1488, 1490, 1492, 1494, 1496, 1498, 1500, 1502, 1504, 1506, 1508, 1510, 1512, 1514, 1516, 1518, 1520, 1522, 1524, 1526, 1528, 1530, 1532, 1534, 1536, 1538, 1540, 1542, 1544, 1546, 1548, 1550, 1552, 1554, 1556, 1558, 1560, 1562, 1564, 1566, 1568, 1570, 1572, 1574, 1576, 1578, 1580, 1582, 1584, 1586, 1588, 1590, 1592, 1594, 1596, 1598, 1600, 1602, 1604, 1606, 1608, 1610, 1612, 1614, 1616, 1618, 1620, 1622, 1624, 1626, 1628, 1630, 1632, 1634, 1636, 1638, 1640, 1642, 1644, 1646, 1648, 1650, 1652, 1654, 1656, 1658, 1660, 1662, 1664, 1666, 1668, 1670, 1672, 1674, 1676, 1678, 1680, 1682, 1684, 1686, 1688, 1690, 1692, 1694, 1696, 1698, 1700, 1702, 1704, 1706, 1708, 1710, 1712, 1714, 1716, 1718, 1720, 1722, 1724, 1726, 1728, 1730, 1732, 1734, 1736, 1738, 1740, 1742, 1744, 1746, 1748, 1750, 1752, 1754, 1756, 1758, 1760, 1762, 1764, 1766, 1768, 1770, 1772, 1774, 1776, 1778, 1780, 1782, 1784, 1786, 1788, 1790, 1792, 1794, 1796, 1798, 1800, 1802, 1804, 1806, 1808, 1810, 1812, 1814, 1816, 1818, 1820, 1822, 1824, 1826, 1828, 1830, 1832, 1834, 1836, 1838, 1840, 1842, 1844, 1846, 1848, 1850, 1852, 1854, 1856, 1858, 1860, 1862, 1864, 1866, 1868, 1870, 1872, 1874, 1876, 1878, 1880, 1882, 1884, 1886, 1888, 1890, 1892, 1894, 1896, 1898, 1900, 1902, 1904, 1906, 1908, 1910, 1912, 1914, 1916, 1918, 1920, 1922, 1924, 1926, 1928, 1930, 1932, 1934, 1936, 1938, 1940, 1942, 1944, 1946, 1948, 1950, 1952, 1954, 1956, 1958, 1960, 1962, 1964, 1966, 1968, 1970, 1972, 1974, 1976, 1978, 1980, 1982, 1984, 1986, 1988, 1990, 1992, 1994, 1996, 1998, 2000, 2002, 2004, 2006, 2008, 2010, 2012, 2014, 2016, 2018, 2020, 2022, 2024, 2026, 2028, 2030, 2032, 2034, 2036, 2038, 2040, 2042, 2044, 2046, 2048, 2050, 2052, 2054, 2056, 2058, 2060, 2062, 2064, 2066, 2068, 2070, 2072, 2074, 2076, 2078, 2080, 2082, 2084, 2086, 2088, 2090, 2092, 2094, 2096, 2098, 2100, 2102, 2104, 2106, 2108, 2110, 2112, 2114, 2116, 2118, 2120, 2122, 2124, 2126, 2128, 2130, 2132, 2134, 2136, 2138, 2140, 2142, 2144, 2146, 2148, 2150, 2152, 2154, 2156, 2158, 2160, 2162, 2164, 2166, 2168, 2170, 2172, 2174, 2176, 2178, 2180, 2182, 2184, 2186, 2188, 2190, 2192, The Sun Life Assurance Company has decided to erect the highest building in the British Empire on Dominion Square, Montreal. It will be 24 storeys in height and will accommodate ten thousand people.

The Enterprise has this week filled job printing orders for Edmonton, Winnipeg, Calgary, Montreal, Chicago, Detroit, Cleveland and Toronto—and we are not scabbing on the prices of printing in any of these cities.

A man in the State of Michigan has been sentenced to life imprisonment for having in his possession a pint of gin. Honestly, the liberty allowed human beings under the Stars and Stripes is enough to drive them to L.

An exchange remarks that if all auto drivers were subjected to an examination to find out how much they know about driving a car and how much sense they have, the number of drivers would be reduced by at least one-half. And it ought to be done.

Col. A. Y. Peuchen, of Toronto, was a visitor to his Blairmore sawmill and lumbering interests on his way east from the Pacific coast. Mr. Peuchen had intended spending a week in Blairmore, but was delayed longer than expected through a slight attack of illness. He will leave for points east this week end.

The Fernie Board of Trade are reviving agitation for the building of a new road connecting the Alberta road at Crows' Nest Lake with the B. C. highway. The board has been advised by the British Columbia deputy minister of public works that the matter will have to stand over until the next fiscal year, when it will be given full consideration.

The Workmen's Compensation Board of Nova Scotia has been called upon to set aside a quarter of a million dollars in order to care for the widows and dependents of Nova Scotia fishermen who have lost their lives at sea this year. Four schooners, bearing approximately 80 men, were lost in the storm of August the 24th, and of these crews at least 64 were Nova Scotians who would come under the board's provisions.

Local and General Items

Miss "Buddy" Baird is attending business college at Calgary.

Mr. and Mrs. Gordon Steeves returned by motor from Calgary on Monday.

Miss Edna Fisher left for Calgary by Sunday night's train to enter normal school.

Mr. G. Kafoury left for Calgary on Sunday night, where he takes a course at normal college.

Miss Angelica Pozzi has returned to her home at Frank, after a couple or three years' absence in the Drumheller district.

A baby girl has arrived at the home of Mr. and Mrs. W. W. Laurie, C.P.R. agent at Michal, weighing one pound fifteen ounces.

You'll be happy if you attend. You'll be grouchy if you don't. What? The Catholic Women's League Bazaar, November 15th.

The regular monthly meeting of Crows' Nest Chapter, I.O.D.E., will be held in the Greenhill hotel on Monday, October 10th, at 7.30 p.m. All members are requested to be present.

Fire last week destroyed the tailor shop of Mr. W. N. Donaldson at Kimberley, this being the seventh fire. Mr. Donaldson has suffered since moving to that town from Coleman.

A friend of ours asks: If a person found in possession of a pint of gin in the State of Michigan is entitled to life imprisonment, how big a sentence would be meted out to a man caught with a quart?

The Piacher Creek correspondent to the Lethbridge Herald, under date of September 23rd, writes: "Deepest sympathy is extended to Mrs. S. M. Hinton and Mrs. W. T. Eddy, who received word on Friday morning of the sudden death of their sister, Mrs. Jarrod, of Vancouver. Mrs. Eddy left on Friday for Vancouver."

Coleman's town tax rate has been set at 20 mills, including supplementary revenue.

Mr. L. Loughheed has returned to town, after visiting Calgary and other points on the prairie.

We understand that the pictures of the Dempsey-Tunney fight will appear here early in November.

Mr. F. W. Godsal, formerly of Cowley, but now resident of Victoria, B. C., is a visitor with friends at Calgary.

Misses Lena Raskevitch, Georgina Chiaravano and B. Goodwin have left Bellevue to attend normal school at Calgary.

Calgary schools re-opened yesterday, after having been closed for twenty-three days on account of the infantile paralysis scare.

Rev. Dr. C. H. Huettis, general secretary of the Lord's Day Alliance, has been visiting his old acquaintances in the Maritime Provinces.

Remember the tea to be given under the auspices of St. Luke's church in the Elks' hall on Saturday, from 3 to 6. Sale of home cooking, etc.

The Ladies' Aid of the United church are holding their annual Halloween tea and sale in the Elks' hall on Saturday, October 29th. Please remember the date.

John M. Rothney left Wednesday morning to spend a few days with friends in Calgary, before leaving for Edmonton, where he will attend university.—Macleod Times.

The town of Macleod has this year paid out \$200 for 10,000 gopher tails, to save destruction of wheat by these pests. The rest of the animal is likely allowed to go unpunished.

The new Masonic temple at Salt Lake City, Utah, will be officially opened in November. The new edifice cost in the neighborhood of \$600,000.

Handsome Canadian Pacific Exhibits

(1) The Railway Building at the Toronto Exhibition. (2) A portion of the Canadian Pacific Exhibit. (3) Illustrated data indicating the growth of the C. P. R.

Throwing the spotlight on all its renowned activities, the Canadian Pacific Railway has again achieved success in its exhibit this year at the annual exhibition at Toronto. It is a busy spot for the visitor, for both the artist and the seeker after instruction and education finds in this display a wealth of beauty and learning. Running from the ceiling down to a depth of about four feet was a circular panorama of the Dominion stretching from the Atlantic to the Pacific Coast. This frieze was designed by James Crockett of Montreal and executed by four other Canadian artists. In lovely coloring it gave an actual picture of the country through which the journey is made. At the base of this panorama the famous all-steel miniature Trans-Canada made its run.

Spread out as on a stage was a large model of the St. Lawrence River with the Atlantic Express steamships and smaller vessels catering and leaving the docks. In the foreground were prosperous looking farms, and across the river the city of Quebec with its winding streets and the towering Chateau Frontenac formed an absorbing picture.

To look the East with the West

the new Union station. Other exhibits showed models of the Algonquin, Place Viger and Vancouver Hotels. The Lands of Enchantment and Mystery discovered on the World Cruises were grouped in one colorful setting, with the hint of a cruiser gliding through the waters. All these scenes were reproduced so as to give an illuminating perspective, and lighted with such changing effects as the dawn of day, the sunny noon, the deepening dusk and darkness.

Indicating the immense growth of the Canadian Pacific Express was a diorama on which was constructed a reproduction of the Company's present headquarters compared with a model of the original Express building in Winnipeg dated 1882.

In addition there was a wonderful collection of twirling transparencies in natural colors, also rows of these were placed waltz high around the exhibit. Each transparency clearly told its individual story.

In the centre of the building was a pillar around which were life-sized figures of natives of foreign countries in characteristic costumes.

Miss Madeleine Chardon was a business visitor to Calgary over the week end.

A very successful tea was held at the home of Mrs. W. Archer on Saturday afternoon for the benefit of the I.O.D.E.

Remember to keep the date. November the 2nd, open. The members of Greenhill Temple, Pythian Sisters, will on that date hold their annual bazaar. Watch for further announcements.

The Fillmore Herald, California, remarks that an order for avocados for the Prince of Wales, to be sent to Canada, has been received at Chula Vista in San Diego county. The avocado is a pulpy fruit, similar in size and shape to a large pear.
